

ANTHONY
LIFTGATES, INC.®

MTU-GLR-XL

The BIGGEST tuck platform in the industry!

With its patented three-piece folding platform, MTU-GLR-XL delivers the capability of a big rail or slider with the simplicity and convenience of a tuck!

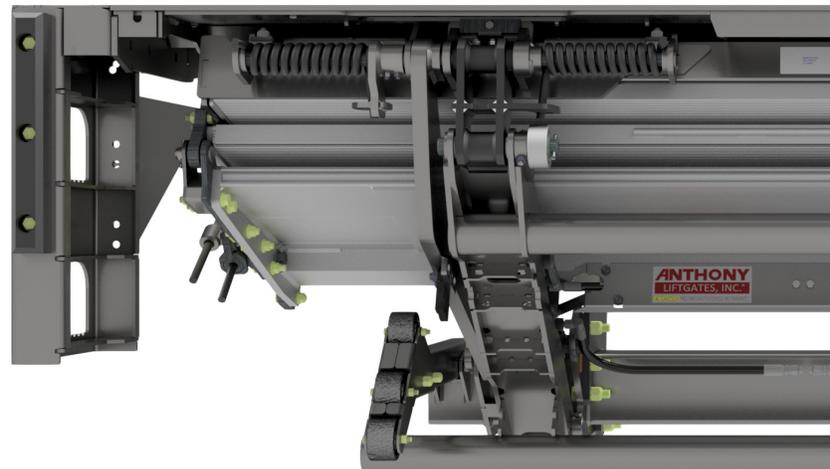

TUCKUNDER™ SERIES

LIFTING CAPACITIES (LBS):
4000, 5000

KEY ADVANTAGES

- 1. Exclusive Three-Piece Wedge Platform**
80" x 80" full wedge platform provides the largest load area of any tuckunder.
- 2. GLR Gentle Level Ride**
Smooth, level up-down operation. Platform tilts gently at ground and re-levels before lifting cycle begins.
- 3. Twin Cylinder Drive**
Powerful lift with low pressure helps to extend hydraulic component life.
- 4. Power Down**
Reliable cycle time in all weather conditions.
- 5. Grease Free Operation**
Greaseless bearings used at all critical pivot points to reduce wear without the need for routine lubrication.

QUALITY, RELIABILITY, CUSTOMER SERVICE

MADE IN THE USA 

STANDARD FEATURES

- **Integrated ICC Bumper**
Standard bumper helps to meet installation requirements without additional cost or installation time.
- **Spring Assist Platform**
Quick-change springs make for easy operation and effortless service without the need to detach platform sections.
- **Ground Contact Rollers**
Rollers prevent scraping damage to liftgate and concrete or asphalt surfaces.
- **Extreme-Duty Dock Bumpers & Floor Extensions**
Floor extension and bumper steps built to withstand the load conditions of class 6-8 trucks and trailers.
- **EZ Mount**
Ships factory assembled, filled, and tested for easy installation. Standard bolt-on ready extension, bumpers, and frame.
- **Circuit Protection**
200 Amp fuse protects truck wiring from a "dead short."
- **Marine Duty Potted Toggle Switch**
Heavy duty toggle, potted to permanently separate and seal electrical connections from corrosion.
- **Pressure Compensated Flow Valves**
Constant, controlled speeds at all times and load conditions. Prevents "free-fall" under certain hydraulic failures.
- **Premium Finishes**
Aluminum platform and hot dip galvanized structure standard.
