

ANTHONY UPDATE

# *Big 80" x 48" Wedge*

## *Provides safer and easier loading and unloading of pallets.*

**A**vailable on all Anthony AST Tuckunder<sup>®</sup> liftgates, our new 80" x 48" heavy-duty steel wedge platform is engineered and built specifically for pallet operations:

- Available in 1,500, 2,000, 2,500, and 3,000 lb. models
- Reinforced 1/8" industrial diamond tread steel platform
- Dual closer springs on both main and flip sections for easy operation
- The entire platform is shot blasted and then powder coated for a durable, attractive finish that's unequalled in the industry.

Add our available maximum duty dock bumpers to your 80" x 48" wedge and you have a combination ready to provide you with years of reliable dock and pallet service.

To learn more about our new 80" x 48" wedge platform or to order one for your pallet operation, give us a call at 800-482-0003 and visit our website at [www.anthonyliftgates.com](http://www.anthonyliftgates.com).
